PRESIDENT’S MESSAGE

Well tax season is just a vague memory for most of us. Unless like me, you have those nasty little reminders sitting around. You know what I am talking about the extensions. I really tried hard this year not to have any extensions, but clients have a different idea. Oh well with the non-profit deadline the 15th of May I am still plugging away to get those done on time.

I will be leaving for Washington DC on the 10th to attend the presidents’ round table with NAEA. It should prove to be an interesting year again.

I hope that canceling the meeting in April wasn’t a hardship for anyone. I was sitting here in Loveland, looking at the rain and getting calls about all the snow in Denver. So we made a judgment call and cancelled. I am hoping that Linda can reschedule the speaker at a later date as I was looking forward to hearing this subject.

Well with summer just around the corner I am sure all of you are looking forward to some vacation time. If any of you go anywhere interesting let me know. I am always looking for new and exciting places to visit.

Have a great day.

I wasn't sure if I was going to make it to the end. I was going great and then I got a little bogged down toward the end. April 17th I had my extensions e-filed and thought I was doing great and then I got terribly sick. I thought I was having a heart attack again and finally called 911. They kept me in the Hospital for a week trying to decide what was wrong. They ruled out my heart, don't have one, and then they decided it was my stomach, have a big one, and called it gastritis. Anyway, I am feeling much better. I hope your filing season stories are better than mine.

As usual, I am trying to figure out what I am doing for CPEs this year. I have done some "webinars" which are really painless, but I like going somewhere and getting more than one at a time.

Arizona Society is having a Seminar at the end of May in Prescott, the California Society is having their Super Seminars in Reno and Las Vegas in June, and the American Academy is in Washington DC at the NAEA, NTPI and in Las Vegas in Sept., or look at their websites.
